

Language is evolving rapidly in today's society.

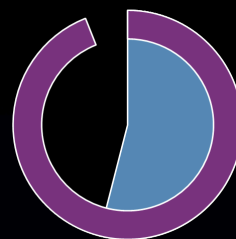

# Are you keeping up, or crashing out?

In the general population, slang usage has **exploded** in the most recent generations.

In the US alone, **94%** of people use slang at least daily; **54%** of whom use slang in most conversations.

Not everyone has it easy though.

**62%** of Baby Boomers have had to ask a younger person to define a slang term for them.

**35%** of Gen Z admitted to using slang terms that they didn't know the definition of.

**31%** of Gen Z also admitted to using a slang term that they later learned was offensive.

Don't get ghosted in the conversation. Become the GOAT.
