

The Drawbed

A bed for those who can't get out of bed

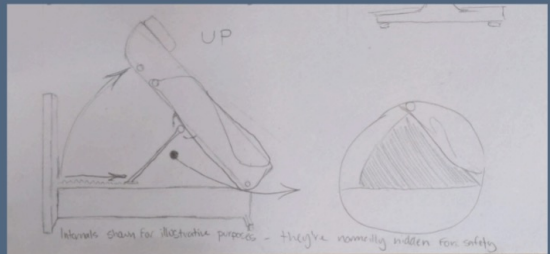

- The Bed stays upright during the day
- The bed remains in the down position as long as your phone is in the charging slot
- Internal components are covered to protect children and pets
- Companion App can override and disable the Drawbed's hydraulic system, allowing you to use it as a regular bed

This You in the Morning?

Studies show that:

- 38% of Americans report having "bad" mornings
- 43% require an alarm

The Drawbed features a timer-based hydraulic system to lift the user out of bed in the morning
