PLANNING YOUR FIRST COSTUME USING

COZPLANNER

1

TAP TO START A PROJECT

Download the CozPlanner app and hit 'New Project' to start your cosplay adventure.

2

CHOOSE YOUR REFERENCES

Use the image tool to import references of your character as well as other peoples cosplays.

3

ADD NOTES AND DRAWINGS

Use the draw and text tools to make note of discrete parts of the costume: armor panels, capes, weapons, masks. Brainstorm what you could use to make them.

4

ADD TASKS

Using the resource library, plan out what steps you need to take to get each piece done. Add steps to the built in check list and keep easy track of your progress.

5

GET ROLLING AND STAY ON BUDGET

Create a budget and check off tasks as you do them, and you'll have a cosplay done in no time at all!
